 Healthy Kids Healthy Futures

Make Happier Soles for Kids!

Dear Friend,

Shoes are a basic necessity that many kids in our communities lack. Right now within our Clubs we have children with shoes that are falling apart, too small or too big because they used to belong to someone else. Children shouldn't have to worry about keeping their feet dry or protected when they walk to and from school or about not being able to participate in sports, other daily activities or getting a job because they don't have a proper pair of shoes.

Annually we are able to take around 300-400 youth in need to teach them how to size their feet, select the best shoe to meet their needs and shop within a budget to get a new pair of shoes. As you make your charitable contribution choices, we are asking for your support of \$40 per child to help us take the steps to ensure that every child in need gets a new pair of shoes and socks.

Donating to our Kicks for Kids Fund allows you to give with dignity and purpose and direct your generosity to give kids the chance to actively engage in school and Boys & Girls Club, be healthy and safeguard their feet. When we teach kids how to find shoes that fit properly, we are giving them a running start to a healthier future.

Thank you for helping local kids put their best foot forward,

Rashell Brobst | Chief Executive Officer
