## Our Case Managers change lives one family at a time

Since 2018, your support has allowed us to go above and beyond to support local families with disaster case management services. We are advocates for our families; we build relationships to discover their true needs, then connect them with the best services available. Recognizing that there is no "one size fits all" plan, our case managers have done "whatever it takes" for youth and their families to return to stable and healthy living post-fire and pandemic.

# BUILDING PROTECTIVE AND PROMOTIVE FACTORS AT BGCNV

Did you know the White House designated Butte County as a high-intensity drug trafficking area, and for the last decade, our region has had the highest rates of adverse childhood experiences in the state of California? These issues, along with our mental health crisis, increase in violent crimes, and family and youth homelessness, create barriers for the young people of our communities. You help BGCNV be a solution to combating these issues and supporting positive youth outcomes through trauma-informed and resiliency practices.

## Alumni Spotlight

*"What I love about the Boys & Girls Club is they are about supporting families and making sure youth have opportunities they may not have otherwise."*

Jubana was selected as Oroville's 2016 Youth of the Year. After much success and hard work, she is now receiving her public health degree at Chico State. She worked at our Ostrander Chico Clubhouse while attending college, and she presently works at our Chico Teen Center while doing night shifts at the Med/Neuro unit for Enloe. She is the recipient of our Bridge to College Scholarship, which is supported by a local family and covers housing costs for two years. We create great futures together!
